TD Tree Days Event Celebrates National Forest Week

Abbotsford, September 22, 2015 – On September 26, the City of Abbotsford will host a TD Tree Days planting event in Clearbrook Park at 3680 Clearbrook Road.

TD employees, their families, and community volunteers will plant 300 new trees from 1pm to 4pm in the Clearbrook Park and the Downes Bowl. Deputy Mayor, Patricia Ross will plant the first tree at 1:15 pm.

TD Tree Days is TD's flagship urban greening program and provides TD employees and their families, customers and community partners the opportunity to demonstrate leadership in environmental stewardship in their communities. Over the past five years, volunteers have planted over 185,000 trees.

TD Friends of the Environment Foundation collaborated with the City's Parks department to identify a suitable location and the variety of trees to be planted. Volunteers at Abbotsford's event will plant western red cedars, hemlock, Grand fir and Douglas fir trees.

The public is welcome to attend and can register as a volunteer at www.tdtreedays.com.
