

Buying a new curbside container? Make sure you get the right one!

All Curbside Collection Containers must be 80L or less.

- Containers must be designed for manual curbside collection to ensure safety and efficiency.
- Maximum container size: 80L (18 gallons).
- Containers greater than 50L must have 2 graspable handles.
- Containers less than 50L must have 2 functional handles. One handle must be graspable.
- Container height must be between 56cm and 76cm (between 22 inches and 30 inches).
- All containers must have a water tight lid.

These containers are NOT APPROVED for curbside collection. If they are at the curb they may not be collected. 

		Oversize containers Containers larger than 80L.
		Containers designed for automatic collection
		Wrong handles Containers over 50L, without two graspable handles.
		Kitchen collection containers & mini garbage cans Containers less than 56cm (22 inches) in height and not designed for curbside collection.
