## Notice of Construction Vye Road Overpass and Highway 11 Widening Project

The City has partnered with the Provincial and Federal governments, through the Building Canada Fund and Transport Canada's Rail Safety Improvement Program, as well as with Southern Railway of British Columbia and Canadian Pacific Railway, to improve traffic congestion and safety in the Vye Road area. The project includes a 1.3 km widening of Highway 11 to extend the NEXUS lane from south of Vye Road to the US border, building a two-lane overpass on Vye Road, between Highway 11 and Riverside Road, and safety improvements to the 4th Avenue at-grade railway crossing, west of Highway 11.

Eurovia British Columbia Inc. is the contractor completing the project. During the overpass construction period, Vye Road will be closed between Riverside Road and Highway 11 for public safety. To facilitate the flow of traffic around the road closure, a detour route will be implemented as shown on the map below. Vye Road will remain open at the project site to local traffic only.

This large construction project will result in inconveniences and traffic delays; however, we will do our best to minimize the impacts and keep you informed.

### WHEN:

November 2021 to early 2023. Detour route will be in effect 24 hours per day.

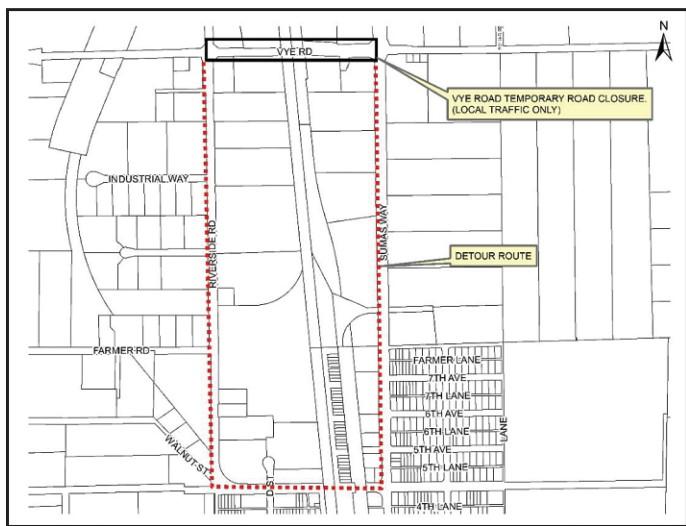

### LOCATION:

Vye Road, between Riverside Road and Highway 11 (Sumas Way)
