Abbotsford Addictions Centre

OUTPATIENT COMMUNITY-BASED
ALCOHOL AND DRUG
COUNSELLING PROGRAM

Abbotsford Addictions Centre

Therapists provide free alcohol and drug outpatient services, with a multicultural and seniors addictions component. We serve both youth and adults that are using and also those affected by substance misuse.

► Services Provided

- Individual, couples, and family counselling
- Recovery and support groups
- Substance affected group
- Referrals to other services.
- Prevention activities in the community
- Smart Recovery

“You made me feel like a worthwhile human being.”

About Abbotsford Addictions Centre

- We are an outpatient community-based alcohol and drug counselling program founded in 1988.
- We work with individuals, couples, and families providing one-to-one counselling, couple and family counselling, and groups.
- We serve youth and adults regarding their own substance misuse or the effect that someone else's substance misuse has on others.
- We are funded by the Fraser Health Authority, so there is no charge for any of our services.
- We use a bio-psycho-social-spiritual, trauma informed, professional approach to help people resolve their problems.

About Abbotsford Addictions Centre – Continued...

- We provide referrals to other services in the addiction field, such as day treatment and residential.
- We provide pamphlets, videos, and other resources to the community. We also provide public presentations upon request.
- We do prevention work in the schools and community and sponsor several community committees dealing with prevention.
- Our staff continuously upgrade their knowledge and skills in order to provide effective services. We provide culturally sensitive counselling and can provide services in Hindi, Urdu and Punjabi.

Who We Help

- Clients with a substance use issue
- Friends and family affected by someone else's substance use

**Abbotsford Opioid Agonist Treatment (OAT)
Centre**

Medically supervised methadone and suboxone treatment that promotes the well-being of
people affected by opioid misuse

Abbotsford Opioid Agonist Treatment (OAT) Centre

MEDICALLY SUPERVISED
METHADONE AND SUBOXONE
TREATMENT THAT PROMOTES THE
WELL-BEING OF PEOPLE AFFECTED
BY OPIOID MISUSE.

Abbotsford Opioid Agonist Treatment (OAT) Centre

The Abbotsford Opioid Agonist Treatment (OAT) Centre is an opioid agonist treatment centre that provides methadone and suboxone treatment. Working alongside Fraser Health, the OAT program uses medications such as suboxone or methadone to stabilize a person who is addicted to substances and significantly reduce harm associated with opioid use.

We offer a safe space where clients can receive help from a physician and from a mental health support worker for substance use and /or addiction.

Services Provided:

Specialized physician support with:

- Assessment
- Withdrawal management
- Suboxone or Methadone induction and stabilization

Support worker assistance with:

- Referrals to other community services and primary care physicians
- Accessing shelter or housing

“The staff are so friendly and helpful. Thanks for all your help.”

Our Team:

We are a team of professionals trained in opioid misuse assessment, education, treatment and prevention. We are committed to providing professional, non-discriminatory therapy and adhere to guidelines regarding privacy and client confidentiality.

Eligibility Criteria

- Resident of Abbotsford
- Seeking opioid treatment for an addiction to opioids (The service is not meant for those looking for pain management)
- A valid BC personal health number (PHN)
- You can be referred by a professional or you can refer yourself

“I’ve been to a few methadone clinics across Canada, and this is by the far the best.”

To Access the Opioid Agonist Treatment Centre

- Please call and book an appointment. If you call outside of our operating hours, we will respond the next business day.
- You can then complete an intake form which may be done in person or over the phone.
- If available, please bring your Driver's License or BC Services Card (with your personal health number) to your appointment.
- There is no charge for our services.
- The costs of the prescriptions may be covered by your extended health benefits or through Pharmacare.
