

New City Building Inspections Go Mobile

Starting November 6

- Elimination of paper reports
- Create and submit inspections in real time, right from the building site
- Customers have the ability to schedule subsequent inspections right away
- Increase our capacity to complete more inspections
- All reports will be electronically generated and emailed to permit holders & professionals
- Improved ability to send the report to multiple project stakeholders
- Inspection booking process remains the same

Enjoy faster, convenient
and efficient service!

Thank you for your patience as we implement this!
