

# Preventing and preparing for wildfires is an important step toward building resilient communities.

Making your home and property fire smart can help decrease the intensity and slow the spread of a wildfire.

## Tips to FireSmart™ Your Home

Taking action to FireSmart™ your property will dramatically decrease the risk of wildfire damaging your home. The best part is, it's surprisingly easy to do.

Nearly half of all wildfires are human-caused. You can prevent them by always checking for bans and restrictions and camping responsibly.
