## DID YOU KNOW?

**In 2025 we had a 62% diversion rate.**

That means 62% of the waste we collected did not go to the landfill.

The City of Abbotsford provides automated cart-based collection for 26,500 single family homes and duplexes across the City.

## Recycle Right and Get a Star

### Curbside cart audits are in progress!

City staff inspect carts on collection days in an effort to reduce our recycling contamination and increase our diversion rate!

**Earn a star sticker** for your blue recycling cart by including ONLY acceptable materials in your cart. Scan the QR code to win prizes! Show off your sticker by tagging us on social media at #StarRecycler

# Carts & Bins

Separate your waste into one of these waste streams.

## RECYCLING

Containers, newspapers, packaging and paper products.

Collected every other week.

## COMPOSTABLES

Food scraps, food-soiled papers and yard trimmings.

Collected weekly.

## GARBAGE

Waste that can't be composted or recycled.

Collected every other week.

## GLASS

Empty & clean glass bottles and jars that have lids removed.

Collected every other week on the same day as recycling.

## DROP OFF

Materials accepted at a recycling depot, transfer station or other drop off location.

## Cart Sizes & Types

Carts are available in three sizes for recycling, compost and garbage collection. Bear-resistant carts can also be requested but are only available in the 240 L size.

**Requests to change existing carts are only accepted once in any 12 month period for any property. Please note that cart size, number or type may affect your annual solid waste user fees.**  
Visit [abbotsford.ca/carts](http://abbotsford.ca/carts) for more information.

## Missing or Damaged Carts

To request a replacement or to report a lost or stolen cart, call 604-864-5640 or visit [abbotsford.ca/report-issue](http://abbotsford.ca/report-issue).

## Moving to a New Residence

Please use the carts that are already at your property. If there are no carts when you move in, or you are moving into a newly constructed home, please contact us at 604-864-5640 or [carts@abbotsford.ca](mailto:carts@abbotsford.ca)

## Keep Track of your Carts

**Label your carts with your address.** Use a permanent marker to write your address in the white space.

**Record your serial number.** On the right side of your carts there is a serial number that is unique to identifying your cart. Record this number and keep it for your records.

**These carts are the property of the City and are micro chipped with your address.**

## Cart Tips

### 1 What's in your recycling cart matters!

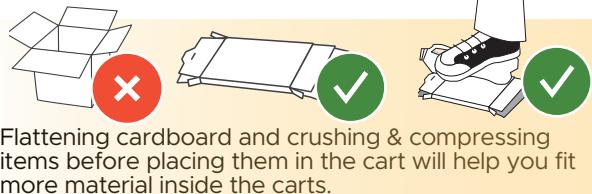

Do not include stretchy plastics, foam packaging, glass, books, or other items that are not accepted in the recycling program. These unacceptable materials may result in your cart not being collected.

### 2 DO NOT bag recyclables.

All items must be placed loosely inside your blue recycling cart.

### 3 Flatten, crush & compress!

Flattening cardboard and crushing & compressing items before placing them in the cart will help you fit more material inside the carts.

### 4 Do not overfill your blue carts!

Overflowing carts cannot be collected. The lid must be completely closed.

### 5 Do not pack down waste.

Tightly packed material inside your carts may get stuck and not empty properly.

### 6 Reduce your packaging.

Buying in bulk, using reusable containers, choosing items with less packaging, and reusing items will help decrease the amount of material you need to manage.

### 7 Know what goes where!

Use the Waste Wizard to look up disposal information for hundreds of items! Access the Waste Wizard through the Abbotsford Curbside Collection App or visit [abbotsford.ca/wastewizard](http://abbotsford.ca/wastewizard).

## Cart Placement

Putting your carts out the right way on collection day ensures your carts can be collected safely and on schedule. The placement of carts is important because the automated truck's mechanical arm needs sufficient room to pick up and empty the cart.

Place the carts so the arrows on the lid point toward the street and the wheels are against the curb.

### QUICK TIP

One metre is approximately an arms length.

#### Ensure 1 m (3 ft) between each cart and glass bin.

Carts placed too close together cannot be collected.

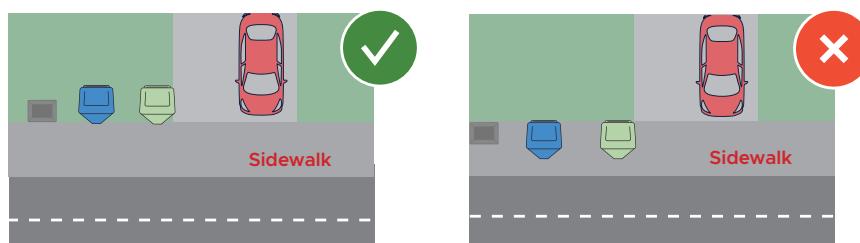

#### Ensure at least 1 m (3ft) in between parked vehicles and carts.

Carts placed too close to vehicles cannot be collected.

#### Ensure carts do not block a sidewalk or bike lane.

Sidewalk and bike lane access needs to be kept clear at all times.

#### Ensure at least 1 m (3 ft) clearance from any basketball hoop, utility pole, street light, fence, etc. Carts placed too close to these items cannot be collected.

### QUICK TIP

Move hoops off the curb on collection day!

# Recycling

## ✓ Accepted in Blue Carts

## ✗ Not Accepted in Blue Carts\*

\*Unacceptable materials in your blue cart may result in your cart not being collected or a fine issued under the City's Solid Waste Management Bylaw, 3642-2025.

## How to prepare your recyclables

1

Wash, clean & dry your recyclables.

Remove lids and pumps.

2

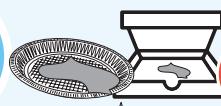

Place items directly into the blue cart.

Do not bag recyclables.

3

Keep items soiled with food, grease and liquids out of the blue cart.

4

Flatten material to save space.

Place shredded paper in a paper bag or box.

### QUICK TIP

**Sort waste properly!** If too much of the wrong material is placed in your recycling cart, your cart may not be collected and you could be fined! Use the **Waste Wizard** to find out what goes where. Access it through the Curbside Collection app or online at [abbotsford.ca/wastewizard](http://abbotsford.ca/wastewizard)

## Glass Recycling

Glass is collected separately and manually in the grey bin. Glass is collected **every two weeks** on the same day as recycling. Glass bottles and jars are also accepted at the recycling depot.

**ACCEPTED:**  
Glass bottles and jars

Glass containers need to be empty and rinsed.

Remove lids and place in recycling cart.

**NOT ACCEPTED:**  
Dishes, Glassware & Cookware

Broken Glass

Windows & Mirrors

### QUICK TIP

Glass bins placed at the curb with unacceptable material in them will not be collected.

# Depot Recycling

These items are not accepted in the curbside collection program and can be dropped off for free at a recycling depot or other drop off location. Find depot locations at [abbotsford.ca/wastewizard](http://abbotsford.ca/wastewizard).

## QUICK TIP

Hazardous materials like batteries and propane tanks can cause fire or explosion when placed in curbside recycling. Ensure these items are **ALWAYS** taken to a depot for safe recycling.

# Recycling Contamination

Unacceptable material, like plastic bags, garbage, compost, and hazardous materials (batteries, propane canisters, medical sharps/needles), in the recycling carts creates unsafe conditions for workers, causes damages to sorting machines, and diminishes the quality of material and the ability to recycle it. Recycling regulations require that the City bring the contamination rate down to less than 5.5% or face serious fines.

Contamination in the blue carts also increases the amount of material that is sent to landfill. Even packaging with some product residue contributes to contamination.

Please sort and prepare your recycling properly, following the tips on page 8. Use the Waste Wizard available on the Curbside Collection app or online at [abbotsford.ca/wastewizard](http://abbotsford.ca/wastewizard) if you are unsure of how to dispose of an item.

Repeated contamination will result in blue bins not being collected and fines of up to \$500 under the **Solid Waste Management Bylaw, 3642-2025**.

## Top Contaminants

These are the top contaminants in our blue carts. These items are not accepted in the blue bins. Please dispose of them properly.

plastic bags

Cotton balls,  
swabs, dental  
floss & sanitary  
products

Disposable masks  
& gloves

Plastic  
toothbrushes &  
toothpaste tubes

## QUICK TIP

Many items can be dropped off for reuse or recycling instead of being thrown away. Consider offering the items to friends and family, or listing on Facebook Marketplace, Craigslist or Kijiji. Do your part to help reduce the amount of waste going to landfill!

# Wildlife & Waste

## Coexisting with Wildlife

Many wildlife encounters in Abbotsford can be prevented by responsibly managing waste and other attractants. Encounters with aggressive bears, cougars or coyotes, where public safety is a concern, should be reported immediately to the Conservation Officer Service reporting line at 1-877-952-7277.

## How to Manage Garbage and Food Scraps

**REDUCE IT** – The best way to deal with garbage is by not creating it in the first place. Preventing garbage and food waste by recycling and planning meals helps minimize the volume of material you need to manage.

**STORE IT** – Keep curbside materials indoors or in a secure location until the morning of collection.

**FREEZE IT** – To reduce odours, freeze food scraps until your collection day. You could also try wrapping food scraps in newspaper or paper bags to minimize odours and mess.

**CLEAN IT** – Rinse or wash your cart after pick up with mild detergent or vinegar. This will help to reduce odours.

## How to Manage Other Attractants

Remove outdoor fridges and freezers

Always keep pet food indoors

Remove bird feeders April - November

Pick fruit as soon as it's ripe

Clean barbeques after each use

Put carts at the curb the morning of collection (NOT the night before)

### QUICK TIP

Keeping the community safe is a shared responsibility! For more information on how to reduce human-wildlife conflict visit [wildsafebc.ca](http://wildsafebc.ca) or check out [abbotsford.ca/wildlife](http://abbotsford.ca/wildlife).

# Important Information

## Excess Waste

Have excess waste? Visit [abbotsford.ca/excesswaste](http://abbotsford.ca/excesswaste) for options on how to manage your extra recycling, compost or garbage!

## Missed Collection

### Common reasons why your cart or glass bin was not collected:

- Cart/bin was not at the curb by 7:00 am
- Vehicles were parked in a cul-de-sac with “No Parking on Garbage Day” signs and collection trucks could not reach the carts
- Cart/bin was overflowing or did not have a closed lid
- Unacceptable materials were placed in cart/bin
- Access to cart/bin was blocked by a parked car, utility pole, or other obstruction
- Cart/bin was placed too close to another cart, parked car or other obstruction
- Waste was not sorted correctly
- Clips on a bear-resistant cart were not unclipped

### If none of those reasons apply, you can report a missed collection through any of the following methods:

- **Website:** [abbotsford.ca/service](http://abbotsford.ca/service)
- **City Services App:** @Abbotsford  
(available at the App Store and on Google Play)
- **Telephone:** 604-864-5640

## Collection Services in Snow & Ice

Providing service is our top priority, but curbside collection may be disrupted during snow and ice conditions. If this occurs, the Abbotsford Curbside Collection App is the best source of information about collection-related news. The App is free to download to any smart device from the App Store or Google Play (see QR Code on back page). A collection advisory is also posted on the City's website at [abbotsford.ca](http://abbotsford.ca) for collection delays or cancelled service, as well as posted on the City's social media channels.

## Holiday Waste Reduction

Seasonal holidays such as Halloween and Christmas bring fun and joy but often produce a large amount of waste. From carved pumpkins to wrapping paper, learn how you can reduce waste during the holiday season.
