

# Are you making use of your glass bin?

Place your glass bottles and jars out on the same day as your recycling cart and help reduce landfill waste!

Glass bins are simple to use. Here are some quick guidelines:

- ✓ Rinsed glass bottles and jars only.
- ✓ Lids should be removed and placed in recycling cart.
- ✓ Place bins out before 7am. Bins are picked up separately from carts.
- ✓ Place bins beside carts with 1 metre distance in between.

**REMEMBER!**  
No broken glass,  
vases, drinking  
glasses, mirrors  
or ceramics  
allowed.

# Recycle Right!

Unacceptable material in recycling carts creates unsafe conditions for workers, causes damage to sorting machines, and diminishes the quality of material and the ability to recycle it.

**Please sort and prepare your recycling properly and keep these items **OUT** of your cart!**

## Plastic Products

Laundry baskets, toys,  
Tupperware containers,  
Rubbermaid containers &  
reusable bottles

**TAKE THESE ITEMS  
TO A DEPOT**
