Engagement Opportunity for Eagle Mountain Park and Elementary School

ABBOTSFORD – April 21, 2020: The Government of BC recently approved funding to the Abbotsford School District for a new elementary school next to Eagle Mountain Park. The District is currently in the planning stage for construction and the School is proposed to open in September 2022.

As the park area is being used as the outdoor play area for the school, residents in the Eagle Mountain Park area are invited to participate in an online engagement opportunity to provide feedback on potential upgrades to the Park, additional features, and public use of the park at the new school on Eagle Mountain.

Due to COVID-19, all public engagement for this project will be online through the Let's Talk Engagement Portal until May 5th 2020.
